# About us

**Located in Motcombe, near the tri-point of Dorset, Somerset and Wiltshire, the Gillingham and Shaftesbury Agricultural Society proudly promotes agriculture and rural life.**

Held on 19th and 20th August 2026, Gillingham & Shaftesbury Agricultural Show is the showcase for the best of local farming, with modern and heritage machinery on display and the popular Grand Parade delighting the public in the Main Ring. It's vitally important to the team here that we educate the public around farming and food production; and showcase agriculture at it's best.

The show is a fantastic day out for all the family, and offers a great opportunity for corporate sponsors to communicate with a wide variety of audiences from across the three counties and further afield. The packages detailed on the following pages are an outline of what we offer, but we are always excited to talk to you about bespoke product or sponsorship in kind opportunities.

Connect with our community, celebrate rural life. We hope that we will have the opportunity to work with you in 2026.

## Did you know?

The Association of Show & Agricultural Organisations estimates that about 10% of the population visit agricultural shows every year.

# GILLINGHAM & SHAFTESBURY AGRICULTURAL SOCIETY STUDENT SUPPORT FUND

The Student Support Fund was set up 5 years ago with the aim of supporting students entering into agricultural, horticultural and countryside courses.

The fund encourages and supports the very best talent that is training for, and entering into careers in agriculture and related land-based industries. The Society offers help with costs towards college or university course fees, books and equipment or even to help meet the significant transport costs of accessing their place of study. We know that there is a real and pressing need to help our students, apprentices and trainees.

In 2024 the Gillingham & Shaftesbury Agricultural Society awarded fifteen young people vital grants to help them pursue their ambitions to work in agriculture, animal welfare and conservation.
